Objective

As a fresh graduate in Information Technology, I possess strong knowledge in mobile programming and database management. I contributed to an application development project that enhanced system performance by 25%. Prioritizing integrity and discipline, I focus more on skill development rather than pursuing a high salary.

Education

Universitas Jember

Bachelor in Information Technology | GPA: 3,52 / 4

Jember, Jawa Timur

2019 – 2024

Tugas Akhir: Website Forecasting | Utilized Bank Indonesia PIHPS API | Forecasting with 99% accuracy.
